

PRODUCT INFORMATION SHEET

FABRIC SOFTENER

PRODUCT DESCRIPTION

This concentrated softener is used for laundry rinse cycles and provides a fresh fragrance to the wash rinse leaving fabrics feeling good and smelling great. This product contains a cationic softener which, when added to the final rinse cycle of the washing machine, greatly adds to the feel and life of all fabrics. It also reduces drying time and is suitable in hard or soft water. Fabric Softener helps to eliminate static cling and makes ironing easier. This product is especially recommended for soft and fluffy towels, nappies and woollens.

Do not use this product with bleaches, starch or water softeners as the performance of the product may be reduced.

DIRECTIONS FOR USE

Top loader machines—Add 75mls per 6kg wash

Front loader machines – Add 50mls per 6kg wash

Hand Washing—Add 30mls to the final rinse.

Do not use this product with bleaches, starch or water softeners as the performance of the product may be reduced.
