

PRODUCT INFORMATION SHEET

GENERAL PURPOSE DETERGENT

PRODUCT DESCRIPTION

General Purpose Detergent is a biodegradable, unperfumed and uncoloured liquid detergent suitable for all household and industrial hand washing of glasses, pots, pans and other utensils. General Purpose Detergent is high foaming and particularly suitable for all general cleaning, especially where the removal of oil and fats, without the use of specialised cleaning equipment is necessary. General purpose detergent is perfectly suited in food manufacturing facilities and sensitive areas where no taint is desired.

DIRECTIONS FOR USE

Recommended Dilution: Dilute 100mls per litre of warm water. Approximately 50mls per domestic sink/ 80mls per commercial sink.

Scrub or soak the surface to be cleaned. For best results use warm water to loosen particles and assist in cleaning performance, Rinse food contact surfaces with potable water.

FIRST AID & SAFETY

Considered a hazardous product. Avoid contact with skin and eyes. Keep out of reach of children. If swallowed seek medical advice. If swallowed do NOT induce vomiting, give water. If skin irritation occurs wash affected area and remove clothing. If in eyes, hold eyes open and flush with water for a minimum of 15 minutes. Call a Doctor if irritation develops.
