

PRODUCT INFORMATION SHEET

ACTIVATE ENZYME CLEANER

PRODUCT DESCRIPTION

A powerful blend of enzymes and cleaners to provide both cleaning performance and drain maintenance. Activate Enzyme Cleaner can be used as a washroom cleaner, kitchen floor cleaner and in other areas where the waste goes into septic or environmentally sensitive situations. Activate Enzyme Cleaner has a pleasant eucalyptus scent and will help to reduce odours and help drains and pipework to remain unclogged by reducing the solid build-ups. Activate Enzyme Cleaner can also be used as a spray and wipe product behind bars where the enzymes will act on the sugars and yeast in the beer, reducing odours.

DIRECTIONS FOR USE

Application	Problem	Dilution	Recommendations
Shower Cleaning	Solids and odours	20:1	Use for basic cleaning of showers where waste goes into a septic system.
Kitchen, Laundry, Bathroom drains	Solids and odours	Neat	Drains - Pour 80mls-160mls into drains twice weekly. Laundry - Use as a laundry spotter for blood stains.
Grease Traps	Solids and odours	Neat	Pour 500mls daily for large volume restaurants. Use 230mls-295mls daily for small to medium volume restaurants,
Septic Tanks	Solids and odours	Neat	Initial Treatment – pour 1L of treatment per 2000L capacity. Thereafter add 450mls per 2000L capacity once a week.
Lagoons	Solids and odours	Neat	Add 18L per acre surface for initial treatment. Thereafter use 7L per acre surface once a week.
Garbage Chutes	Odours	250mls per litre	Mix 250mls with 1L of water. Pour or spray into chutes and dumpsters daily.
